**Sulzer prices CHF 300 million bond issue**

Sulzer raised CHF 300 million in the Swiss capital market today via a single tranche bond issuance.

The bond in the amount of CHF 300 million has a term of five years and carries a coupon of 0.80% at a price of 100.037%.

The additional bond flattens Sulzer's bond maturity profile and further strengthens the company's solid financing structure.

The net proceeds of the issuance are planned to be used for general corporate purposes, including financing and refinancing.

The bond was issued through UBS and Zürcher Kantonalbank.
