Your trusted partner for the pulp, paper and board industry

Proven expertise

With full-scale test facilities Sulzer gives you access to:
- Increased hydraulic excellence
- Unique applications coverage
- Experience in managing a diversity of process liquids and application environments
- The widest product portfolio available

Core competencies based on long-term partnership programs with key customers and research institutes.

Value you can count on

- Customized solutions for your process improvements
- New solutions for your future applications
- Energy-efficient products with low life cycle costs and a lighter environmental footprint
- Regular mill surveys and energy audits that can maximize the performance and reliability of your existing and planned processes
- As a full-line supplier, we also provide energy-efficient products for water and effluent treatment applications

Service at your doorstep

Wherever you are, Sulzer is close by to provide personal, knowledgeable support and qualified services for the entire product life cycle, day and night.

You can trust us to serve your installed base with our original spare parts also for the following well known brands beyond Sulzer, for example Scanpump, ABS, Ahlström, Serlachius, Enso, Ensival Moret.

Specific pumping and mixing solutions for a wide range of main processes in pulp, paper and board production
Extensive coverage for your process applications

### Single-stage pumps
- **AHISTAR and CPE process pumps**
- **AHISTAR E range type EPP/T**
- **AHISTAR W range type WPP/T**
- **AHISTAR N range type NPP/T**
- **AHISTAR CC SNS range**

### Two-stage pumps
- **A, N and W self priming and gas removal pumps**
- **SIL inline pumps**
- **LSP low speed high pressure pumps**
- **ZPP headbox feed pumps**
- **MBN multistage ring section pumps**
- **MC/MD boiler feed pumps**

### MC® medium-consistency products
- **MCE™ pumping systems**
- **LCE™ pumping systems**
- **KCE™ pumping systems**
- **SX chemical mixers**
- **MC® discharge scrapers**
- **MC® dischargers**

### Vertical pumps
- **VM and VA vertical pumps**
- **VMS vertical multistage pumps**
- **CAHR axial flow pumps**
- **SALOMIK™, AGISTAR™, and Scaba agitators**
- **SALOMIK™ and Scaba top mounted agitators**
- **SALOMIK™ TES top entry spreader and GIU**

### Slurry pumps
- **EMW slurry pumps**
- **PLR/CR slurry pumps**
- **Submersible pumps type ABS XFP, AFLX, VUPX**
- **Submersible mixer type ABS XRW**
- **PC pumps**

### Compressors and aerators
- **Submersible aerator type ABS OKI**
- **Disc diffuser system type ABB**
- **HST™ turbocompressor**
- **HSR turbocompressor**

### Grinders
- **Muffin Monster grinders**
