

Sulzer Pumps

Bologna Service Center

Sulzer Pumps is one of the world's leading manufacturers of centrifugal pumps. We are dedicated to improving our customers' pumping processes and operational reliability. Our Customer Support Services team responds to industry service needs and is focused on ensuring high performance for all makes of rotating machinery. With an extensive global network of service centers, Sulzer Pumps is your ideal local service partner.

Resources and Facilities

Our comprehensive workshop facility in Bologna is fully equipped to overhaul and repair all types of wastewater equipment. The office center houses a competent team of service engineers that provides both in-house service and field service for a wide range of hydraulic and mechanical problems.

Service Expertise

- Repair and refurbishment of all types of wastewater solution equipment (pumps, mixers and aerators).
- Equipment performance and material upgrades in line with changing process requirements.
- Skilled field personnel for on-site overhauls, installation and commissioning work, machinery diagnostics, and troubleshooting.
- Tailored engineering solutions to enhance equipment reliability and performance.
- Management services in association with long-term equipment support contracts

Performance Through People
