

## Easley Service Center

Sulzer Pumps is one of the world's leading manufacturers of centrifugal pumps. We are dedicated to improving our customers' pumping processes and operational reliability. Our Customer Support Services team responds to industry service needs and is focused on ensuring high performance for all makes of rotating machinery. With an extensive global network of service centers, Sulzer Pumps is your ideal local service partner.

### Resources and Facilities

Our comprehensive repair facility located within the Easley, SC (US) pump factory is fully equipped to overhaul and repair all Sulzer models of rotating machinery including former Ahlstrom and Warren type pumps. Additional spare parts support is provided by Sulzer Pumps global network of spare parts manufacturing centers. Our location houses extensive spare parts for all Sulzer non-engineered products, contract administration and sales staff providing services for a wide range of hydraulic, mechanical and metallurgical problems. For complex projects, Sulzer Pumps' engineering and

technology groups provide the center with industry leading mechanical design and hydraulic development support.
