

Your Service Partner
Southampton Service Centres

The Sulzer Advantage

Southampton (William Street) Service Centre

Southampton (Bitterne Road West) Service Centre

Capabilities

- High voltage (HV) and LV rewinds
- Field services
- Project management
- Coil manufacture
- Mechanical machining
- Pump repairs
- Surface treatments

Facility

- ISO 9001, ISO 18001, ISO 14001
- Up to 20 tonne crane capacity
- Collection and delivery service using Sulzer fleet of vehicles

Your partner

- Optimise your operational efficiency with customised solutions
- Enhance your competitive advantage through energy efficiency, improved production output and extended maintenance cycles
- Dedicated service personnel can be at any site for emergency call-out, assessment and repair, 24 hours a day – 365 days a year

Taking on Your Challenges

Reliable quality and delivery are ensured through a combination of in-depth technical expertise and first-class engineering facilities. Meeting your requirements means finding the best possible solution with you.

HV and LV rewinds

You benefit from:

- Inspection and electrical testing
- Low, medium and high voltage motor rewinds
- Generator rewinds
- Servo motor repairs.
- Repair, refurbishment and remanufacture of parts
- Coil manufacture and supply
- 24/7 Rapid response and field service
- Service agreements and frameworks
- Motor rewinds up to 11kv
- Motor testing 600V AC 300A, 500V DC 300A

Mechanical machining

You benefit from:

- Custom machining solutions to suit your need within the reclamation process
- Machining processes including turning, boring, milling and grinding
- Service agreements
- 24/7 rapid response and field service
- Parts machining
- In-situ machining
- Reverse engineering of existing parts

Field services

You benefit from:

- 24/7 availability
- Fully equipped tool containers
- Portable machining equipment
- Laser measuring tool
- Vibration analysis
- Experienced field service teams
- In-situ machining
- Motor installation
- Service agreements
- Planned on-site maintenance & repairs
- On-site balancing

Surface treatments

You benefit from:

- 24/7 availability
- Fully equipped tool containers
- Portable machining equipment
- Laser measuring tool
- Vibration analysis
- Experienced field service teams
- In-situ machining
- Motor installation
- Service agreements
- Planned on-site maintenance & repairs
- On-site balancing

Pump repairs

You benefit from:

- High quality, cost effective repair service
- Mechanical inspection
- Performance analysis
- On-site and remote monitoring
- Troubleshooting
- Repair and overhaul
- Mechanical and hydraulic upgrades
- Predictive maintenance
