

# Delivering motors you need, when you need them

Sulzer's comprehensive electromechanical service center in Pasadena, Texas has been serving our power generation, oil and gas, petrochemical and industrial customers for over 35 years. We are one of the largest new motor distributors in the Gulf Coast. With over a million dollars in motor inventory, Sulzer has the right motor in stock for your application. We are GE and Wolong Motor's largest distributor in Texas and key partner with TECO Westinghouse, Toshiba, ABB and EM/WEG, along with access to other motor lines.

Our partnerships with these manufactures also provide us access to custom NEMA and above NEMA motors. We provide 24/7 support for emergencies and unforeseen outages, helping reduce costly downtime. Our motor repair shop capabilities allow us to modify motors to meet your specific needs. Sulzer delivers the motors and support you need, when you need them.

- 24/7 support
- Leading Gulf Coast new motor sales distributor
- Over a million dollars in new motor inventory

## New motor lines include:

**Wolong Motors** (Sulzer is an executive flagship distributor of motors and parts for Wolong Motors)

EEE-841 and API-661 motors	Medium voltage	Vertical motors	DC motors	Special build above NEMA frame
-------------------------------	----------------	-----------------	-----------	-----------------------------------

### GE Motors

Medium voltage	Special build	Synchronous	Vertical motors
----------------	---------------	-------------	-----------------

### TECO Westinghouse

IEEE-841 motors	Vertical motors	Synchronous	Medium voltage	Special build above NEMA frame
-----------------	-----------------	-------------	----------------	-----------------------------------

### Toshiba

IEEE-841 motors	Medium voltage	Special build	AC drives
-----------------	----------------	---------------	-----------

### ABB

Large induction motors to 15'000 hp	Severe duty, IEEE-841	Inverter duty motors	DC motors	Explosion proof motors	Special build
---	--------------------------	-------------------------	-----------	---------------------------	------------------

### EM/WEG

IEC Tru Metric - TEFC (IP55) cast iron frame	Explosion proof motors	Low inrush current medium voltage motors	DC motors	High voltage specialty	Synchronous
--	---------------------------	--	-----------	---------------------------	-------------

## About Sulzer

Through a network of over 100 service sites around the world, Sulzer provides cutting-edge parts as well as maintenance and repair solutions for pumps, turbines, compressors, motors and generators. We service our own original equipment, but also all associated third-party rotating equipment run by our customers, maximizing its sustainability and life cycle cost-effectiveness. Our technology-based solutions, fast execution and expertise in complex maintenance projects are available at our customers' doorsteps.
