

Joliet (Midwest) service center – Pumps services

Sulzer is a global partner delivering reliable sustainable solutions for key applications. We offer repair and maintenance services from a single access point for turbines, compressors, pumps, generators and motors. By operating one of the largest service networks in the industry, we are close to our customers with more than 180 production and service locations worldwide.

Resources and facilities

Sulzer's comprehensive pump service center in Joliet, Illinois is fully equipped to maintain and repair a wide range of pumps for customers in geothermal, power generation, petrochemical, steel and heavy-manufacturing industries. Over 18'000 ft² of shop space houses complete electrical, machining and welding capabilities, underneath 30 tons of overhead crane capacity. Projects are completed by a highly experienced staff of engineers, project managers, sales managers, and technicians combined with a crew of dedicated craftsmen.

Benefit from our comprehensive service offering

- Machine shop repair services (manufacture and repair)
- Welding services (buildup and fabrication)
- Quick turn cell for end suction and small horizontal split case pumps
- Re-engineering
- Qualified vendors in support of new and used parts
- Turnkey field services and field testing
- 24-hour emergency repair
- Complete inventory of bearings, wear rings, shafting and raw material to manufacture pump repair parts

Service center equipment

- Schenck full range dynamic balancer with capacity up to 5'000 lbs.
- Two 4" horizontal boring mills (Lucas and Tos)
- Betts vertical boring mill with a 108" table
- Ingersoll planner mill 120" x 44" under head
- Vertical turret lathe
- Four engine lathes
- Bickford drill press
- Cincinnati, KBC and Lagun "Megamill" milling machines

About Sulzer

Sulzer provides cutting-edge services and solutions for rotating equipment dedicated to improving customers' processes and business performances. When pumps, turbines, compressors, generators, and motors are essential to operations, customers need a service partner they can trust. With our technically advanced and innovative solutions, we give our customers the assurance they need to focus on their operations. Customized solutions help to reduce maintenance time and cost. Our partners' business demands are ever increasing and changing but they can rely on our experts to provide the optimal solution to improve operational efficiency and reliability. We provide high-quality services at competitive prices and delivery times.
