Sulzer Chemtech further strengthens its position in service activities

Acquisition of SAB Technical Services Completed

The Sulzer acquisition of SAB Technical Services, announced in June 2009, was closed as of July 31, 2009.

The purchase price for SAB Technical Services (India) Pvt. Ltd is at USD 5.75 million (approximately CHF 6.2 million) depending on the future performance. The acquired company's annual sales is approximately USD 4 million (approximately CHF 4.3 million) and employs around 50 employees. With this acquisition, Sulzer Chemtech will further expand its geographical presence as a leading global specialized tower field service provider. SAB is a recognized specialist in tower field services with more than 20 years of experience and is mainly active in India and Singapore.

Sulzer Chemtech, a global market leader for components and services for separation, mixing and cartridge technology, is present in all significant markets within the areas of sales, engineering, production, and customer support. As a main supplier of mass transfer components and provider of tower field services, it is Sulzer Chemtech's strategy to strengthen its ability to supply installation and maintenance services to its customers in all geographic regions.

Sulzer was founded in 1834 in Winterthur, Switzerland, and today is active in machinery and equipment manufacturing and surface engineering at over 120 locations worldwide. The divisions are global leaders in their respective customer segments, which include the oil and gas, hydrocarbon processing, power generation, pulp and paper, aviation and automotive industries. www.sulzer.com
