

Your trusted partner for the pulp, paper and board industry

Proven expertise

With full-scale test facilities Sulzer gives you access to:

- Increased hydraulic excellence
- Unique applications coverage
- Experience in managing a diversity of process liquids and application environments
- The widest product portfolio available

Core competencies based on long-term partnership programs with key customers and research institutes.

Value you can count on

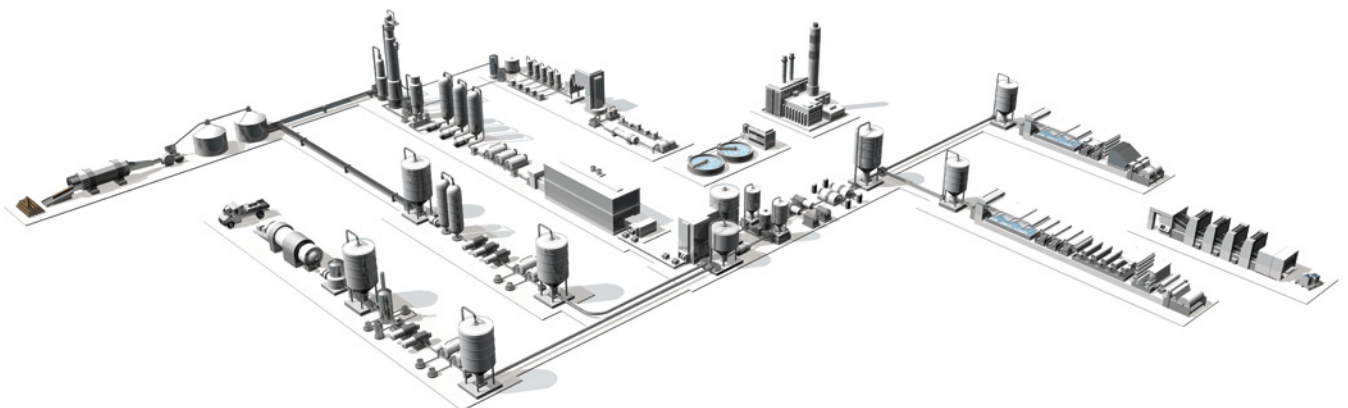

- Customized solutions for your process improvements
- New solutions for your future applications
- Energy-efficient products with low life cycle costs and a lighter environmental footprint
- Regular mill surveys and energy audits that can maximize the performance and reliability of your existing and planned processes
- As a full-line supplier, we also provide energy-efficient products for water and effluent treatment applications

Service at your doorstep

Wherever you are, Sulzer is close by to provide personal, knowledgeable support and qualified services for the entire product life cycle, day and night.

Specific pumping and mixing solutions for a wide range of main processes in pulp, paper and board production

You can trust us to serve your installed base with our original spare parts also for the following well known brands beyond Sulzer, for example Scanpump, ABS, Ahlström, Serlachius, Enso, Ensival Moret.

Extensive coverage for your process applications

Single-stage pumps

AHLSTAR and CPE process pumps

AHLSTAR E range type EPP/T

AHLSTAR W range types WPP/T

AHLSTAR N range type NPP/T

AHLSTAR CC

SNS range

Two-stage pumps

Axially-split pumps

Ring section pumps

A, N and W self priming and gas removal pumps

SIL inline pumps

LSP low speed high pressure pumps

ZPP headbox feed pumps

MBN multistage ring section pumps

MC/MD boiler feed pumps

MC® medium-consistency products

MCE™ pumping systems

LCE™ pumping systems

KCE™ pumping systems

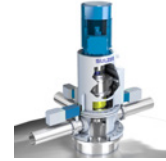

SX chemical mixers

MC® discharge scrapers

MC® dischargers

Vertical pumps

Axial flow pumps

Agitators and tower management systems

VM and VA vertical pumps

VMS vertical multistage pumps

CAHR axial flow pumps

SALOMIX™, AGISTAR™, and Scaba agitators

SALOMIX™ and Scaba top-mounted agitators

SALOMIX™ TES top entry spreader and GLI

Slurry pumps

Submersible pumps and mixers

Progressing cavity pumps

EMW slurry pumps

PLR/CR slurry pumps

Submersible pumps type ABS XFP, AFLX, VUPX

Submersible mixer type ABS XRW

PC pumps

Compressors and aerators

Grinders

Submersible aerator type ABS OKI

Disc diffuser system type ABS

HST™ turbocompressor

HSR turbocompressor

Muffin Monster grinders
