

Repair and o-ring kit XJ, XJC, XJS

Repair and o-ring kits

The repair kits include preselected spare parts which secure a fast and efficient maintenance and avoids unnecessary downtime for the pump. The o-ring kit is included in the repair kit and can also be ordered separately.

The modular pump design makes it possible to repair any of the XJ 25 - XJ 900, XJC 50 - XJC 110 and XJS 25 - XJS 110 pumps with only two kits.

Sulzer repair kits features

- High and fast repair flexibility with minimum numbers of kits.
- The repair kit includes individually packed parts all enclosed in one box.
- All various cable seals and cable washers are included in the repair kit.

XJ 25-40, XJS 25-40	00863349
XJ 50-110, XJC 50-110, XJS 50-110	00863350
XJ 900	00833911

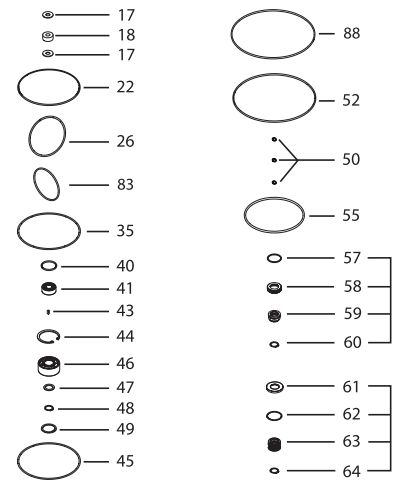

Hydraulic service kits - XJ 900

For submersible drainage pump XJ 900 there are also hydraulic service kits available. The XJ 900 uses 2 impellers and matching wear rings. These parts may be subject to harsh or abrasive conditions during operation and become worn over time. The hydraulic service kit is to replace all the high wearing components and restore the pumps performance.
